

Elegant Kitchen and Bath Expands General Contractor Services with Advanced 3D Design Technology

Elegant Kitchen and Bath Kitchen Remodeling Herndon, VA · July 16, 2026

Elegant Kitchen and Bath, a Northern Virginia remodeling company serving homeowners for over 15 years, announced the expansion of its residential remodeling services with the integration of advanced 3D design visualization technology and comprehensive project management capabilities. The expansion addresses growing demand from homeowners seeking professional remodeling solutions for kitchens, bathrooms, and home additions throughout the region.

The company has invested in state-of-the-art design tools and expanded its team of professionals to better serve clients across Northern Virginia, including Herndon, Chantilly, Centreville, Reston, Sterling, Great Falls, Ashburn, Fairfax, McLean, and surrounding communities. The enhanced services now include complete home addition remodeling projects such as room expansions, second-story additions, sunrooms, and garage conversions, all supported by advanced visualization technology that allows homeowners to preview their projects before construction begins.

As a trusted General Contractor Herndon residents have relied on for more than a decade, Elegant Kitchen and Bath brings extensive experience in residential construction and renovation to every project. The expansion includes additional training for design professionals and project managers to ensure each home addition integrates seamlessly with existing structures while meeting current building codes and energy efficiency standards.

The enhanced consultation process now includes detailed 3D renderings that help homeowners make informed decisions about materials, layouts, and design elements. This technology, combined with transparent pricing and flexible financing options, makes professional remodeling services more accessible to homeowners throughout the region.

"The introduction of 3D rendering technology has transformed how homeowners approach their remodeling projects," said Michael Richardson, President of Elegant Kitchen and Bath. "Clients can now visualize every detail of their Kitchen Remodeling Herndon project before we begin construction, which leads to better decision-making and increased satisfaction with the final results."

Elegant Kitchen and Bath also specializes in basement remodeling, transforming unused spaces into functional living areas such as home theaters, gyms, playrooms, or additional bedrooms. The company provides a variety of countertop options including granite, quartz, and Silestone, along with outdoor decking services that create spaces perfect for entertaining or relaxation.

The company's comprehensive approach to Bathroom Remodeling includes handling all aspects of the project from initial design through final installation. This includes demolition, plumbing, electrical work, and the installation of fixtures and finishes. The expanded service capabilities ensure that homeowners receive professional project management throughout the entire renovation process, whether they are updating a single room or undertaking a complete home transformation.

"Our commitment to quality and customer satisfaction drives everything we do," added Richardson.

"The expansion of our services and the integration of advanced technology allows us to deliver even better results for Northern Virginia homeowners while maintaining the personalized service that has defined our company for years."
