PRESS RELEASE

Elegant Kitchen & Bath Expands Kitchen Remodeling Services Across Northern Virginia

Elegant Kitchen and Bath Kitchen Remodeling Herndon,VA

September 26, 2026

HERNDON, VA – September 26, 2026 – Elegant Kitchen & Bath , a Northern Virginia remodeling company, today announced an expansion of its kitchen remodeling services for homeowners in Herndon, Reston, Chantilly, Ashburn, Fairfax, Centreville, McLean, and surrounding communities. The announcement follows the company’s recent expansion of its home addition remodeling services earlier this month.

Many Northern Virginia homeowners are choosing to update the layout, storage, and finishes of their existing kitchens rather than relocate. The company, which reports more than 2,000 completed remodeling projects across 22 cities and counties from Leesburg to Alexandria, said the expanded service is intended to meet that demand with a more coordinated planning and installation process.

“A kitchen remodel involves many connected decisions, from where the sink and appliances sit to how cabinets, countertops, and lighting work together,” a company spokesperson said. “Our goal is to coordinate those decisions under one team, provide a detailed cost breakdown at the start, and keep each project on the schedule agreed with the homeowner.”

The service covers both minor updates and major renovations. Depending on the project, scope can include layout planning, custom and semi-custom cabinetry, countertops and backsplashes, electrical and lighting work, plumbing, and storage upgrades. Countertop options include Cambria, granite, MSI quartz, and Silestone surfaces, and the company works with established fixture and cabinetry brands.

Before construction begins, the company prepares a cost estimate that accounts for materials, labor, permits, and related expenses, with an itemized breakdown for each project. Permits may be required when a remodel involves electrical, plumbing, structural, or layout changes, and requirements vary by jurisdiction. The design team reviews these factors with homeowners during the planning stage so that scope, budget, and timeline are established early.

Projects follow a three-step process: consultation and design, 3D design and material ordering, and installation. After an initial in-home consultation and measurements, homeowners review a 3D rendering of the proposed kitchen at the company's Herndon showroom and select cabinets, countertops, tile, flooring, lighting, and fixtures. The company's sales and design team has more than 16 years of combined experience.

Recent kitchen projects completed by the company include renovations in Reston, Fairfax, Sterling, Annandale, Gainesville, and Purcellville, Virginia, ranging from single-island installations to full kitchen redesigns.

Kitchen projects can also be coordinated with the company's bathroom, basement, and home addition services, allowing homeowners planning more than one renovation to work with a single contractor for design, materials, scheduling, and installation.

Elegant Kitchen & Bath is licensed and insured, is a member of the National Association of the Remodeling Industry (NARI), and has received the 2024 Best of Houzz Service Award and the Angi Super Service Award.

Homeowners in Herndon and across Northern Virginia can learn more about kitchen remodeling services or request a free estimate through the company's website or by calling (703) 763-4277.
