PRESS RELEASE

Elegant Kitchen and Bath: Elevating Bathroom Remodeling Standards in Northern Virginia

Elegant Kitchen and Bath

January 24, 2024

Elegant Kitchen and Bath, a kitchen and bath remodeling contractor serving Northern Virginia, is helping homeowners turn their poorly designed bathrooms into enticing oases to relax and rejuvenate.

Based in Herndon, VA, Elegant Kitchen and Bath has over 15 years of combined experience specializing in bathroom remodeling . Homeowners can look forward to choosing between a wide range of services that include everything from installing luxury fixtures and modern amenities to performing full custom bathroom redesigns. The company’s sales and design team is skilled at guiding clients throughout the process and ensuring that the outcome is exactly as per the promised specifications.

The Northern Virginia home improvement contractor can tailor bathroom designs to individual preferences and needs. Some of the décor ideas Elegant Kitchen and Bath can help clients incorporate in their bathrooms include features such as rainfall showerheads, soaking tubs, and heated floors to create a contemporary spa-like experience, natural elements like stone, wood, and plants, open shelving for storage, smart lighting, freestanding bathtubs, frameless glass shower enclosures, vanity mirrors, and much more.

The contractor uses only the highest quality materials and products such as premium tiles from trusted industry manufacturers to ensure the space is not only beautiful but built to last. During the installation, the contractors follow all the requisite safety procedures such as turning off utilities, ensuring proper ventilation, waterproofing areas prone to moisture, inspecting plumbing, checking for mold, protecting floors and surfaces, and properly disposing of construction debris. Homeowners are provided with an estimate based on the size of the bathroom, materials and fixtures, labor costs, and any necessary structural changes.

Elegant Kitchen and Bath has received tremendous praise from Northern Virginia homeowners for consistently delivering exquisite bathroom remodels according to the promised specifications. Its Google Business Profile even has a flawless overall rating of 5.0 out of 5.0 from over 100 reviews. Homeowners praise the contractor for its responsive project managers, hardworking, punctual, and efficient crew members, and the quality of their craftsmanship.

A recent review for a bathroom renovation says, “We are thrilled with our bathroom remodel. Elegant K & B offers a 5-star service. From the initial planning meetings (Omer) to daily project management (Tayfun) and the exceptionally skilled craftsmanship (Oscar and his team) we could not have been more satisfied. Every request was met with a can-do approach - and a smile. So glad we found EKB via a neighbor's recommendation. Looking forward to working with them on future projects. We have found our go-to contractor.”

Another review says, “Elegant Kitchen & Bath did our bathroom over a year ago and did an amazing job. They were so professional and very mindful of our goals and our budget. We couldn’t be happier with the final result. And in the year since then, when little problems arose like a leaking faucet, they quickly come out and replace or fix things, no questions asked. We will absolutely use them for future renovation projects.”

Northern Virginia residents can contact Elegant Kitchen and Bath at (703)-763-4277 or info@elegantkitchenbath.com to talk to its sales and design team. Homeowners can also visit its showroom at 2465 Centreville Rd. J21, Herndon, VA, for an in-person appointment and to view its vast selection of interior products.

Elegant Kitchen & Bath is on a mission to bring back the lost art of craftsmanship in the modern home improvement industry. The company’s expert contractors take the time and effort to ensure everything from the broad strokes to the finest details is handled with old-world patience, care, and attention. Every service the company provides is aligned with its vision to make its customers’ ideas come to life to their exact specifications.
