PRESS RELEASE

GBC Kitchen and Bath Announces Expanded Bathroom Remodeling Services for Ashburn Homeowners

GBC Kitchen and Bath - Ashburn

January 29, 2026

GBC Kitchen and Bath, a leading home renovation company serving Northern Virginia, announces the expansion of its comprehensive kitchen and bathroom remodeling services to meet growing demand from homeowners throughout Ashburn and surrounding Loudoun County communities. The company, which has served over 6,000 customers across Virginia, Maryland, and Washington D.C. since 2008, continues to strengthen its commitment to providing full-service renovation solutions.

The expansion addresses increased interest in home improvement projects as property owners seek to enhance their living spaces and increase home values. GBC Kitchen and Bath offers complete project management from initial design concepts through final installation, eliminating the need for homeowners to coordinate multiple contractors.

"We recognize that home renovation can be overwhelming for many homeowners, which is why we have developed a streamlined process that handles every aspect of the project," said Burak Sahin, Lead Designer at GBC Kitchen and Bath. "Our team manages everything from 3D design visualization and permit acquisition to product selection and professional installation, ensuring a stress-free experience for our clients."

The company specializes in comprehensive Bathroom Remodeling services, transforming outdated spaces into modern, functional retreats. Each project begins with detailed consultation and 3D visualization technology, allowing clients to see their vision come to life before construction begins. The company's in-house installation teams, rather than subcontractors, ensure consistent quality control throughout every phase of the renovation process.

As a trusted Kitchen Remodeling Contractor, GBC Kitchen and Bath provides complete kitchen transformations that combine aesthetic appeal with practical functionality. The company's design experts work closely with homeowners to create customized solutions that reflect individual styles while maximizing space efficiency and incorporating modern conveniences.

GBC Kitchen and Bath has earned recognition for its commitment to quality, including Best of Houzz 2016 and Angie's List Super Service 2015 awards. The company has also been featured in The Washington Post for its innovative design solutions and exceptional craftsmanship. All projects include a two-year workmanship warranty, demonstrating the company's confidence in its installation quality.

The Ashburn showroom, located in Ashburn Shopping Plaza, serves as a resource center where homeowners can explore cabinet options, countertop materials, flooring selections, and various design possibilities. The facility allows clients to see and touch materials while consulting with design professionals about their renovation goals. As a licensed Bathroom Remodeling Contractor , the company maintains full licensing, insurance, and bonding in all counties served.

Financing options are available to make renovation projects accessible to a broader range of homeowners, with flexible payment plans designed to accommodate various budgets. The company's dedicated project managers oversee each renovation from start to finish, maintaining clear communication with clients throughout the process.
