PRESS RELEASE

# GBC Kitchen and Bath Expands Remodeling Services to Sterling, VA with Specialized Kitchen Renovations

GBC Kitchen and Bath - Ashburn

GBC Kitchen and Bath, a leading remodeling company based in Ashburn, Virginia, is excited to announce the availability of its comprehensive remodeling services to homeowners, real estate professionals, interior designers, and contractors in Ashburn and surrounding areas. Specializing in kitchens, bathrooms, basements, and home additions, the company stands out for its commitment to quality craftsmanship and customer satisfaction.

GBC Kitchen and Bath offers a wide range of remodeling services, including kitchen, bathroom, and basement renovations. The company also provides an array of products such as cabinets, countertops, vanities, flooring, and steam showers. What sets GBC Kitchen and Bath apart is its team of in-house installers, dedicated project managers, and a two-year workmanship warranty on all projects.

Alan Karakas, CEO of GBC Kitchen and Bath, shared his thoughts on the announcement: "Our goal has always been to bring the vision of our clients to life with exceptional service and craftsmanship. We are excited to extend our comprehensive services to more communities within a 30-mile radius of Ashburn."

The company offers GBC kitchen remodeling services that are characterized by personalized consultations to understand each client's vision and needs. Their team of experts handles everything from design to installation, ensuring a seamless and stress-free renovation process. This personalized approach has earned GBC Kitchen and Bath recognition and awards, including Best of Houzz 2016 and Angie's List Super Service Award for 2015.

Beyond kitchen remodeling, GBC Kitchen and Bath specializes in bathroom remodeling designed to create serene spaces that match the client's lifestyle. They provide various products, from vanities and countertops to steam showers, to ensure a complete bathroom transformation. Homeowners can also benefit from the company's expertise in basement remodeling, turning these spaces into functional areas such as entertainment rooms, storage spaces, or even basement apartments.

"Our in-house team of licensed and insured professionals ensures that all work meets high standards, without the need for subcontracting," added Karakas. "We believe that the dedicated service of our project managers and our skilled installers significantly contribute to the successful completion of every project."

GBC Kitchen and Bath serves a large area, including Ashburn, Leesburg, Herndon, Chantilly, Centreville, Reston, Sterling, Great Falls, Fairfax, and McLean. The company also offers 3D design services, allowing clients to visualize their projects before they start. This feature helps make sure that the final outcome meets the client's expectations perfectly.

Moreover, GBC Kitchen and Bath provides a range of financing options to make remodeling more accessible for homeowners. Their flexible financing plans accommodate different budgets, making home renovations possible for many.

In addition to its accolades, GBC Kitchen and Bath is accredited by The National Association of the Remodeling Industry (NARI) and has more than 6,000 satisfied customers. This accreditation, along with their extensive experience of over 20 years, showcases the company's commitment to maintaining high standards in craftsmanship and customer service.

The company invites potential clients to visit its Ashburn showroom for consultations. Visitors can explore various remodeling options and receive expert advice tailored to their specific needs.
