

Wall Mounted Towel Rack 4th PR

Grandmix Store · September 05, 2026

UNITED STATES – September 6, 2026 – Grandmix Store, an online retailer of made-to-order metal wall art and home storage products, has expanded its catalog with additional designs in its metal mountain wall art line and its wall mounted towel rack collection. Both lines are part of the company's broader offering of galvanized steel, electrostatic powder-coated home goods for living rooms, bedrooms, bathrooms, entryways, home offices, and garages.

Each wall art piece begins as a flat sheet of galvanized steel, which is cut to the finished design, coated in an even electrostatic powder finish, and inspected by hand before it leaves the workshop. The landscape-themed additions to the metal mountain wall art line join a broader catalog that spans nature, coastal, portrait, geometric, and automotive themes and currently totals more than 190 designs. Recent additions to the collection, including new landscape and mountain-themed pieces, are detailed in the company's newsroom coverage of its expanding metal mountain wall art catalog, which also outlines other new pieces added across the wall art lineup this year.

According to the company, the expansion reflects ongoing customer interest in decor that pairs visual style with everyday function. "Homeowners are increasingly drawn to storage solutions that solve everyday challenges," said Emrah Bilaloglu, spokesperson for Grandmix Store, adding that the goal is to offer pieces that combine sophisticated aesthetics with practical use in mind, rather than treating decor and function as separate purchases when furnishing a room.

On the storage side, the expanded wall mounted towel rack collection includes multi-tier shelving units, single- and multi-bar racks, and ring-style holders designed for bathrooms, guest rooms, and other spaces where towel storage and display are needed. The racks are produced using the same galvanized steel and powder-coat finishing process applied to the company's wall art and are available in a range of finishes to match different bathroom styles, from matte black to brushed metal tones. They are offered alongside related storage products in the company's catalog, including bathroom shelving,

toilet paper holders, wall-mounted coat racks, umbrella stands, shoe and slipper racks, and indoor firewood racks.

Grandmix Store organizes its catalog by room as well as by category, allowing customers to browse pieces curated for living rooms, bedrooms, hallways, kitchens, home offices, garages, and outdoor spaces. The company has published more than 1,600 customer photo reviews across its product lines, and it reports more than 10,000 customers served to date. The retailer also offers free shipping to the United States, Canada, the European Union, and the United Kingdom, along with a 30-day return policy on eligible orders and a wholesale program for retail partners interested in carrying its products in their own stores.

All products are made to order, with each finished piece checked by hand prior to shipment to confirm it meets the company's quality standards before it reaches the customer. The metal mountain wall art and wall mounted towel rack collections are available now through Grandmix Store , alongside the company's full range of wall art, bathroom storage, entryway, and garage organization products for the home.

About Grandmix Store

Grandmix Store is an online retailer of made-to-order metal wall art and home storage products, including towel racks, coat racks, shoe racks, luggage stands, and firewood racks. Each piece is cut from galvanized steel, finished with an electrostatic powder coat, and inspected by hand before shipping.
