

Home Revive Liquidators In Lawrenceville Serves Community With Comprehensive Selection Of Cabinets, Vanities, And Flooring

Home Revive Liquidators · September 14, 2026

LAWRENCEVILLE, GA — September 3, 2026 — Home Revive Liquidators, a home improvement warehouse based in Lawrenceville, Georgia, today highlighted its in-stock selection of kitchen cabinets, bathroom vanities, flooring, and appliances, available to homeowners and contractors throughout the greater Atlanta area at prices below standard retail.

Operating as a home improvement warehouse rather than a traditional showroom, Home Revive Liquidators stocks overstock, closeout, and liquidated home improvement materials that shoppers can view and purchase in person. The company's Lawrenceville location functions as both a retail storefront and a working warehouse, with inventory that changes as new liquidation shipments arrive.

Current in-stock categories include kitchen cabinets, bathroom vanities, countertops, doors, bathtubs, and flooring, alongside smaller items such as kitchen faucets, ceiling fans, and microwaves. Bathroom vanities are available in sizes up to 60 by 72 inches, with granite and marble countertop options.

"We carry everything from kitchen cabinets to lvp flooring near me , and most customers are surprised how much cheaper a piece is here than ordering the same item new," said [Executive Name], [Title] at Home Revive Liquidators. "Because everything is sourced through liquidation, the stock changes constantly, so we tell people to come by often if they are working on a specific project."

According to the company, pricing reflects the liquidation model behind its inventory. Because products are sourced as overstock or discontinued lines rather than ordered new from manufacturers, items are generally offered at a fraction of standard retail pricing, with discounts advertised at up to 90 percent off select categories. Inventory is sold on a first-come, first-served basis, and availability can change frequently as new truckloads arrive.

The warehouse's current selection spans both structural and cosmetic remodeling materials, including doors, bathtubs, and countertops in granite and marble, in addition to cabinetry, vanities, and flooring. Home Revive Liquidators notes that combining several categories under one roof allows a single trip to cover most of what a kitchen or bathroom remodel requires, rather than sourcing cabinets, countertops, and flooring from separate suppliers.

Home Revive Liquidators serves both homeowners planning a kitchen or bathroom update and contractors or investors working on rental and resale properties who need materials at a lower cost basis. The warehouse format allows customers to inspect cabinets, vanities, and flooring samples in person before making a purchase.

Home Revive Liquidators is located at 194 Gwinnett Drive in Lawrenceville and is open Monday through Saturday from 9 a.m. to 6 p.m., closed Sundays. Homeowners and contractors interested in current inventory can visit Home Revive Liquidators directly or check available categories on the company's website before making the trip.

Home Revive Liquidators is a home improvement warehouse based in Lawrenceville, Georgia, offering kitchen cabinets, bathroom vanities, countertops, flooring, and appliances sourced from overstock and liquidation inventory. The company serves homeowners and contractors throughout the greater Atlanta area with in-stock materials available at discounted pricing.
