PRESS RELEASE

K&B Cabinets Wholesale Center Expands Euro Style Cabinets Range to Atlanta for Stylish, Affordable Upgrades

K&B Cabinets Wholesale Center

July 30, 2024

K&B Cabinets Wholesale Center is excited to announce the expansion of its top-quality Euro Style Cabinets to the Atlanta, Georgia area. This expansion opens up new opportunities for both homeowners and trade professionals in Atlanta and nearby counties to access professional-grade cabinetry at competitive prices. By extending its reach, K&B Cabinets ensures more people can benefit from their high-quality products.

Based in Norcross, Georgia, K&B Cabinets Wholesale Center has a vast inventory that now includes exclusive K&B kitchen and bathroom cabinets. These Euro Style Cabinets are not only practical but also offer a visually pleasing upgrade for any home.

The expansion will serve the broader Atlanta region, reaching core counties like Fulton, DeKalb, Cobb, Gwinnett, and Clayton. Residents in these areas can now look forward to affordable and diverse options for their kitchen and bathroom needs, all available at wholesale prices.

A representative of K&B Cabinets Wholesale Center, shared, "This expansion allows us to bring our quality kitchen and bathroom solutions to more communities in and around Atlanta. We are committed to offering affordable yet high-grade cabinetry, and this move ensures that more homes and businesses can benefit from our products."

K&B Cabinets is proud of its wide-ranging and extensive cabinet selection. The company's offerings include direct factory products from advanced manufacturing facilities. Their inventory spans over 40,000 square feet and includes more than 400 items in each cabinet line, giving customers plenty of choices. They also focus on high-quality materials, using top-grade lumber to create sturdy, attractive kitchen cabinets.

One standout feature of K&B Cabinets is their expert techniques that enhance both durability and ease of maintenance. Their dovetail construction method ensures strong, secure cabinets by interlocking plywood side panels with a solid wood face frame. Their anti-warp structures use rigid reinforcement beams to add strength and resist distortions. Solid back builds provide strong support due to single-piece, half-inch plywood construction. Finally, flush fit frames offer a high-end look with a flush inner frame that adds dimension to the internal cabinet area.

A Product Manager at K&B Cabinets Wholesale Center, explained, "Our goal is to provide cabinets that don't just meet but exceed customer expectations in terms of durability and aesthetic appeal. By expanding our reach, more people can avail of our innovative solutions in cabinetry."

Further enhancing their offerings, EuroCrafts Cabinetry Georgia , a brand under K&B Cabinets, has introduced its Premium Series. This series includes High Gloss White and High Gloss Slate Gray finishes, made from A-grade polywood and built in America to ensure superior quality and durability. The Premium Series offers customizable size options and hardware upgrades like soft-close hinges and glides, suitable for various kitchen layouts. With a lead time of just 4-5 weeks, these cabinets are a great choice for a quick kitchen upgrade.

Additionally, K&B Cabinets offers a dealer program, encouraging businesses to become Eurocraft Cabinetry dealers. This program allows businesses to feature K&B Kitchens in their showrooms nationwide, expanding their product lines. Detailed information about this program can be found on their website.

K&B Cabinets is committed to providing cabinets that meet functional needs and enhance a home's appearance. Features like soft closing action, which uses hinges with built-in soft-close mechanisms for smooth cabinet operation, and fluid full extension glides for enhanced performance, show the company's dedication to practicality and elegance.

Customer satisfaction is the core of K&B Cabinets' mission. From their extensive product range to their detailed craftsmanship and solid construction techniques, the company aims to provide cabinets that are durable and add a touch of charm to any kitchen or bathroom.
