PRESS RELEASE

Kitchen and Bath Masters Design & Remodeling Announces Expanded Cabinet and Vanity Solutions

Kitchen and Bath Masters Design & Remodeling

January 28, 2026

Kitchen and Bath Masters Design & Remodeling announces the expansion of its kitchen cabinets and custom bathroom vanities offerings to address growing renovation demand across Northern Virginia communities.

The Arlington-based remodeling firm has broadened its product selection through partnerships with manufacturers including Fabuwood, Waypoint, J&K Cabinetry, 21st Century, TA Cabinetry, Starmark, and Vita Cabinetry. The expansion includes traditional and contemporary cabinet designs alongside custom bathroom vanities tailored to individual specifications.

"Market demand for personalized home renovations has increased across Northern Virginia," said Isa Pehlivan, Principal Designer at Kitchen and Bath Masters Design & Remodeling. "Our expanded manufacturer partnerships enable us to offer additional design options that address diverse homeowner requirements and preferences."

The company, recipient of Best of Houzz awards in 2020, 2021, 2023, and 2024, has completed over 100 projects across 30 cities in the region. The firm's service area encompasses Arlington, McLean, Annandale, Fairfax, Burke, Springfield, Alexandria, and locations within a 30-mile radius.

Kitchen and Bath Masters Design & Remodeling provides kitchen remodeling, bathroom remodeling, basement renovations, and whole-home transformations. The company's team includes 15 professionals and five designers who manage projects from initial consultation through installation.

The expanded bathroom vanities selection addresses current design trends, emphasizing spa-inspired bathrooms and functional storage solutions. The company's showroom at 4788 Langston Blvd in Arlington displays various cabinet styles, countertop materials, and design configurations.

Countertop offerings include quartz, granite, and Dekton surfaces from suppliers such as Cambria, Venezia Surfaces, MSI Surfaces, and Silestone. The firm provides design consultations where clients can review material samples and discuss project specifications with design professionals.

The company's 40-year presence in the home renovation industry includes work with residential clients, real estate professionals, interior designers, and contractors throughout Northern Virginia, Maryland, and Washington D.C. The firm maintains 5.0-star ratings on Google, Yelp, Houzz, and Facebook platforms.

Recent industry data indicates increased investment in home renovations across the Northern Virginia market, with kitchen and bathroom projects representing significant portions of residential improvement spending. The expansion of cabinet and vanity options positions the company to meet this regional demand through its comprehensive product portfolio.

The firm's design consultation process incorporates 3D rendering technology and material visualization tools, allowing clients to preview renovation outcomes before construction begins. This approach streamlines project planning and helps ensure alignment between client expectations and final results.

Kitchen and Bath Masters Design & Remodeling operates as a full-service remodeling contractor offering design consultation, project planning, and installation services. The company specializes in kitchen and bathroom renovations, with a special emphasis on kitchen cabinets and bathroom vanities. The company also offers additional capabilities in basement finishing and whole-home remodeling projects throughout the Northern Virginia region.
