PRESS RELEASE

Kitchen Design Center Fairfax Expands Bathroom Remodeling Services with Enhanced Vanity Solutions

Kitchen Design Center Fairfax

February 13, 2026

Kitchen Design Center Fairfax has expanded its bathroom renovation services to include an enhanced selection of vanity solutions and design options for Northern Virginia homeowners. The expansion addresses growing demand for personalized bathroom transformations that combine functionality with sophisticated design aesthetics.

The Fairfax-based design center now offers an extensive range of custom bathroom vanities alongside its established kitchen renovation services. The expanded offerings include personalized vanity designs, premium countertop materials, and comprehensive project management from initial consultation through final installation.

"The demand for bathroom renovations has increased significantly as homeowners recognize the value these updates bring to their properties," said a Kitchen Design Center Fairfax spokesperson. "Our expanded vanity selection allows clients to create truly personalized spaces that reflect their style while maximizing functionality and storage."

The company's bathroom remodeling services encompass complete transformations, from replacing outdated tubs with frameless glass shower enclosures to installing modern vanities with innovative storage solutions. Each project follows a structured four-step process beginning with detailed design consultation, followed by design approval, professional installation, and final project review.

Kitchen Design Center Fairfax maintains partnerships with leading manufacturers, including Starmark, Fabuwood, and Waypoint for cabinetry, along with premium countertop suppliers such as Cambria, Silestone, and MSI Surfaces. These partnerships enable the company to offer durable, high-quality materials backed by manufacturer warranties.

Beyond bathroom renovations, the company provides comprehensive kitchen remodeling services. Kitchen Cabinets remain a cornerstone of their offerings, with options ranging from traditional to contemporary styles. The design team works closely with homeowners to select cabinetry that ensures optimal storage and functionality while complementing the overall design aesthetic.

The expansion comes as the company continues to serve Northern Virginia communities, including Falls Church, Reston, Chantilly, Springfield, Alexandria, Great Falls, Ashburn, and Leesburg. The design center has earned multiple Best of Houzz awards from 2020 through 2024 and maintains high ratings across customer review platforms.

The company's showroom features displays of various vanity styles, countertop materials, and cabinet configurations. Homeowners can explore different design concepts and material options while consulting with experienced designers who provide guidance throughout the selection process.

Kitchen Design Center Fairfax operates from its Fairfax Centre location, where it has established itself as a resource for homeowners undertaking renovation projects. The company employs licensed craftsmen and maintains its own shop for custom fabrication work, enabling greater control over project timelines and quality standards.

The Best bathroom vanities combine aesthetic appeal with practical considerations such as storage capacity, durability, and maintenance requirements. The design center's team assists clients in selecting solutions that meet both immediate needs and long-term lifestyle considerations.

The company offers free design consultations and estimates for all projects. With over four decades of experience in the home design and remodeling industry, Kitchen Design Center Fairfax continues to serve the Northern Virginia market with comprehensive renovation solutions for both kitchens and bathrooms.
