The Alexandria location, situated at 5655 General Washington Drive, now provides enhanced design consultation services and faster fulfillment options for commercial and residential projects. The facility maintains an extensive inventory of all-wood cabinetry from leading manufacturers, enabling most orders to be fulfilled within three to five business days.

"Professional contractors need dependable partners who understand project timelines and quality requirements," said a spokesperson for NextDAY Cabinets Alexandria Showroom. "Our expanded services and inventory ensure contractors can access Wholesale Cabinets Alexandria with the speed and reliability their projects demand."

The showroom features kitchen cabinets that contractors rely on for both residential renovations and multi-family developments. Products include traditional, modern, and contemporary styles in both framed and frameless configurations. All cabinets carry KCMA certification, ensuring durability and environmental safety standards that meet professional construction requirements.

The facility offers professional 3D kitchen design services at no additional cost to contractors and dealers. These design consultations help professionals present detailed visualizations to their clients, streamlining the approval process and reducing project revision requests. Design specialists work directly with contractors to ensure specifications align with project requirements and building codes.

As a Cabinet Store Alexandria professionals trust, the showroom serves Arlington, Falls Church, Annandale, Springfield, Fairfax, Burke, Lorton, and Mount Vernon. This positions it as a central resource for contractors operating throughout the region. The location maintains regular business hours Monday through Friday from 8:00 AM to 5:00 PM, with Saturday hours from 10:00 AM to 2:00 PM to accommodate contractor schedules.

The expanded inventory includes products from established brands such as Crestwood Cabinets, Decora Cabinets, Forevermark Cabinets, Mantra Cabinets, Marsh Furniture, Nations Cabinets, Shiloh Cabinetry, Waypoint Cabinets, and Wolf Home Products. This diverse selection ensures contractors can find appropriate solutions for various project requirements and budgets.
