PRESS RELEASE

NextDAY Cabinets Alexandria Showroom Introduces Enhanced Cabinet Inventory System for Contractors

NextDAY Cabinets Alexandria Showroom

February 25, 2026

NextDAY Cabinets Alexandria Showroom has introduced an enhanced inventory system designed to provide contractors and builders with faster access to cabinet solutions throughout the Northern Virginia and DC Metro region. The new system reduces typical fulfillment times to three to five days for most orders, addressing industry-wide supply chain challenges.

The Alexandria location now stocks an expanded selection of RTA Cabinets from nine manufacturers, including Crestwood, Decora, Forevermark, Mantra, Marsh Furniture, Nations Cabinets, Shiloh Cabinetry, Waypoint, and Wolf Home Products. The inventory expansion enables contractors to source KCMA-certified products directly from warehouse stock, eliminating traditional ordering delays.

The facility at 5655 General Washington Drive maintains dedicated warehouse space for immediate product pickup. Contractors working on projects in Arlington, Falls Church, Annandale, Springfield, Fairfax, Burke, Lorton, and Mount Vernon can arrange job site delivery or warehouse pickup based on project requirements.

The showroom provides 3D kitchen design services at no additional charge to contractors and builders. Design consultants work with trade professionals to develop project specifications and layouts that meet both technical requirements and budget parameters. The service includes detailed renderings and material specifications for client presentations and permit applications.

"The construction industry faces ongoing challenges with material availability and project timelines," said a representative from NextDAY Cabinets Alexandria Showroom. "This inventory expansion allows contractors to access RTA Kitchen Cabinets and other cabinetry options within days rather than weeks, helping them maintain project schedules and meet client deadlines."

All cabinet products feature solid wood construction and carry KCMA certification for durability and environmental safety standards. The product range includes framed and frameless designs, with styles spanning traditional shaker and raised panel configurations to contemporary flat-panel options. The showroom also stocks bathroom vanities, storage solutions, and flooring products from MSI and Shaw Flooring.

The Alexandria location operates Monday through Friday from 8:00 AM to 5:00 PM, with Saturday hours from 10:00 AM to 2:00 PM. The facility serves as one of six NextDAY Cabinets locations in the region, each maintaining inventory specifically selected for local market requirements.

Volume purchasing options are available for multi-family developers and general contractors managing large-scale projects. The dealer program offers structured pricing for businesses requiring ongoing cabinet supply, with Wholesale Cabinets available through factory-direct arrangements that bypass traditional distribution markups.

NextDAY Cabinets focuses exclusively on serving the professional trade, including contractors, builders, and dealers. The company maintains showroom locations in Chantilly, Alexandria, Woodbridge, Richmond, Beltsville, and Chicago. Each location provides product displays, design services, and warehouse facilities configured for trade professional requirements. The company's business model centers on supporting construction professionals with inventory availability, technical specifications, and project management resources tailored to commercial and residential construction projects.
