PRESS RELEASE

NextDAY Cabinets Alexandria Showroom Unveils Comprehensive Shiloh Cabinets Spec Book for 2025

NextDAY Cabinets Alexandria Showroom

October 21, 2025

NextDAY Cabinets Alexandria Showroom has introduced an extensive 29-page showcase featuring the complete 2025 Shiloh Cabinetry collection, providing contractors, dealers, and builders throughout Northern Virginia with expanded design options and innovative finishing techniques.

The comprehensive shiloh cabinets new catalog presents over 50 door styles ranging from traditional to ultra-modern designs, accompanied by an expanded paint program offering 25 standard Sherwin Williams colors plus unlimited custom color matching capabilities. The collection highlights three 2025 trend colors - Shoji White, Quietude, and Rookwood Shutter Green - along with new Café and Slate Highlight finishing techniques.

The new shiloh cabinetry portfolio features 12 premium quality construction elements, including 5/8-inch hardwood dovetail drawers, Blum TANDEM soft-close mechanisms, and 3/4-inch plywood shelving. All products carry KCMA certification and come backed by a 10-year warranty, ensuring long-term durability and performance for both residential and commercial applications.

"The 2025 collection represents a significant expansion in customization options for our professional clients," said a Spokesperson from the NextDAY Cabinets Alexandria Showroom. "With nine premium wood species including Quarter-Sawn and Rift-Cut White Oak, combined with our extensive custom paint cabinets program, we're enabling designers and contractors to meet virtually any client specification while maintaining our commitment to fast 3-5 day lead times."

Beyond standard cabinet offerings, the collection includes over 40 decorative wood hoods, custom furniture vanities, and nine overlay and inset configurations ranging from standard overlays to Modern Flush Inset designs. Special finishing options such as Olde World hand-distressed techniques and Aged finishes provide additional customization possibilities for projects requiring unique aesthetic elements.

The Alexandria showroom, located at 5655 General Washington Drive, Suite E, serves as one of six NextDAY Cabinets locations throughout the region. The facility provides hands-on access to the complete product line, allowing contractors and designers to examine construction quality, finish options, and hardware selections in person. Professional 3D kitchen and bathroom design services are available to support project planning and visualization.

The timing of the shiloh cabinets new catalog aligns with increasing demand for versatile cabinetry solutions in the Northern Virginia construction market. The expanded options address both kitchen and bathroom applications, providing comprehensive solutions for whole-home renovations and new construction projects.
