PRESS RELEASE

NextDAY Cabinets Beltsville Showroom Expands Kitchen Cabinets Selection with Enhanced Design Services for Maryland Contractors

NextDAY Cabinets Beltsville Showroom

March 18, 2026

NextDAY Cabinets Beltsville Showroom has expanded its wholesale cabinet offerings and enhanced its professional design services to better serve contractors and builders throughout the Maryland and DC Metro region. The expansion includes dedicated display areas for nine premium cabinet brands and complimentary 3D design consultations aimed at streamlining project planning for construction professionals.

The Beltsville showroom, located at 5801 Ammendale Road, now features comprehensive displays of KCMA-certified cabinetry from manufacturers including Shiloh Cabinetry, Forevermark Cabinets, Mantra Cabinets, Waypoint Cabinets, and Wolf Home Products. The expansion responds to increased demand from professional contractors seeking reliable wholesale cabinets with faster lead times for residential and multi-family projects across Prince George's County and Montgomery County.

"The construction industry in Maryland continues to experience strong growth, and contractors need dependable partners who can deliver quality products quickly," said a spokesperson for NextDAY Cabinets Beltsville Showroom. "Our expanded showroom and enhanced design services allow professionals to complete projects more efficiently while maintaining the high standards their clients expect. With most orders ready in three to five days, we help contractors meet tight deadlines without compromising on quality."

The showroom's professional design team now offers complimentary 3D kitchen and bathroom design services exclusively for trade professionals. These services include detailed project visualization, cabinet layout optimization, and specification assistance for both residential remodeling and new construction projects. The design consultations help contractors present professional proposals to their clients while ensuring accurate ordering and project planning.

Beltsville Kitchen Cabinets offerings include traditional, modern, and contemporary styles in both framed and frameless designs. The showroom maintains extensive inventory of shaker cabinets, flat-panel designs, and semi-custom options. All cabinetry features solid wood construction and meets KCMA certification standards for durability and environmental safety.

The facility serves as a regional distribution center for wholesale cabinets, offering flexible fulfillment options including warehouse pickup and job site delivery throughout the Maryland suburbs. Volume pricing programs provide additional savings for dealers and contractors managing multiple projects. The showroom also displays complementary products including bathroom vanities, closet organization systems, and flooring solutions from MSI and Shaw Flooring.

Nextday Custom Cabinets options allow contractors to specify unique finishes, sizes, and configurations for projects requiring specialized solutions. The custom paint program enables precise color matching for renovation projects where existing cabinetry must be complemented.

The Beltsville location operates Monday through Friday from 8:00 AM to 5:00 PM, with Saturday hours from 10:00 AM to 2:00 PM to accommodate contractor schedules. The showroom's dealer partnership program provides additional benefits including priority ordering, dedicated account management, and access to exclusive product lines.

NextDAY Cabinets operates six showroom locations throughout the Mid-Atlantic region, serving as a leading wholesale distributor of kitchen and bathroom cabinetry. The company specializes in providing factory-direct pricing to contractors, dealers, and builders while maintaining comprehensive inventory for rapid order fulfillment.
