PRESS RELEASE

NextDAY Cabinets Beltsville Showroom Partners with Kith Kitchen to Expand Bathroom Vanities Selection

NextDAY Cabinets Beltsville Showroom

January 09, 2026

NextDAY Cabinets Beltsville Showroom has announced a strategic partnership with Kith Kitchen, adding an extensive collection of premium cabinetry to its existing product lineup. The collaboration brings additional design options to contractors, builders, and dealers throughout the Maryland and DC Metro region.

The partnership expands the Beltsville showroom's inventory to include Kith Kitchen's contemporary and traditional cabinet lines, complementing the facility's existing selection of bathroom vanities and kitchen cabinetry. Located at 5801 Ammendale Rd in Beltsville, the showroom serves as a regional hub for professional contractors seeking wholesale pricing and rapid fulfillment.

"This partnership with Kith Kitchen strengthens our ability to serve the professional contractor community with an even broader range of cabinet styles and price points," said a spokesperson for NextDAY Cabinets Beltsville Showroom. "Our customers consistently tell us they need reliable access to quality cabinetry with fast lead times, and this collaboration helps us meet that demand more effectively."

The expanded product offering includes both framed and frameless cabinet designs, with options ranging from modern flat-panel styles to traditional raised-panel configurations. As a cabinets supplier focused on the professional market, NextDAY maintains inventory levels that support three to five day lead times for most orders, addressing a critical need for contractors managing tight project schedules.

The Beltsville location offers comprehensive services including professional 3D design consultations, warehouse pickup, and job site delivery throughout Prince George's County, Montgomery County, and surrounding areas. The showroom operates Monday through Friday from 8:00 AM to 5:00 PM, with Saturday hours from 10:00 AM to 2:00 PM to accommodate contractor schedules.

Beyond the new Kith Kitchen line, the showroom continues to offer products from established manufacturers including Forevermark Cabinets, Shiloh Cabinetry, Waypoint Cabinets, and Wolf Home Products. All cabinet lines meet KCMA certification standards, ensuring durability and environmental safety compliance.

The facility specializes in serving multi-family project developers, remodeling professionals, and cabinet dealers with volume discount programs and dealer partnership opportunities. RTA kitchen cabinets remain a core offering, providing cost-effective solutions for budget-conscious projects without compromising quality standards.

NextDAY Cabinets operates six showroom locations throughout the region, establishing itself as a wholesale distributor focused exclusively on trade professionals. The company's business model eliminates traditional retail markups by working directly with contractors, builders, and dealers. Each showroom features design consultants who provide project planning support and technical specifications for commercial and residential installations.

The Beltsville showroom maintains an extensive inventory of solid wood cabinetry, countertop options including granite and quartz surfaces, and flooring solutions from MSI and Shaw Flooring. The facility's warehouse configuration allows for immediate pickup of in-stock items, supporting contractors who require materials for emergency repairs or last-minute project changes.
