PRESS RELEASE

NextDAY Cabinets Beltsville Showroom Presents Comprehensive Shiloh Cabinets Spec Book for 2025

NextDAY Cabinets Beltsville Showroom

October 30, 2025

NextDAY Cabinets Beltsville Showroom presents its comprehensive 2025 collection featuring an extensive 29-page showcase of shiloh cabinetry , marking a significant expansion of premium cabinet options for Maryland contractors, dealers, and builders.

The Beltsville location, situated at 5801 Ammendale Road, now displays the complete Shiloh Cabinets new catalog, which encompasses over 50 door styles, nine premium wood species, and an innovative paint program featuring 25 standard Sherwin-Williams colors plus unlimited custom color matching capabilities. The collection introduces three 2025 trend colors—Shoji White, Quietude, and Rookwood Shutter Green—alongside new Café and Slate Highlight techniques specifically curated for Maryland's diverse architectural landscape.

"This comprehensive collection represents a significant milestone in providing Maryland's construction and renovation professionals with access to premium cabinetry solutions," said Sales Manager Dogan Goksoy of NextDAY Cabinets Beltsville Showroom. "The expanded Shiloh cabinetry line combines traditional craftsmanship with modern innovation, offering everything from Quarter-Sawn and Rift-Cut White Oak to Olde World hand-distressed finishes that complement Maryland's historic properties."

The new collection features twelve premium-quality construction elements, including five-eighths-inch hardwood dovetail drawers, Blum TANDEM soft-close mechanisms, and three-quarter-inch plywood shelving. All shiloh cabinets carry KCMA certification and come backed by a comprehensive 10-year warranty, ensuring long-term durability and performance for both residential and commercial applications.

Beyond traditional cabinet offerings, the showroom now showcases over 40 decorative wood hoods, custom furniture vanities, and nine distinct overlay and inset configurations ranging from standard to Modern Flush Inset designs. This complete design ecosystem enables contractors and designers to create cohesive kitchen-to-bathroom solutions from a single source.

The Beltsville showroom operates Tuesday through Friday from 8 AM to 5 PM and Saturdays from 10 AM to 2 PM, providing convenient access for trade professionals to explore the full range of options. As part of NextDAY Cabinets' network of six regional showrooms, the Beltsville location maintains the company's commitment to offering wholesale pricing with industry-leading three to five-day lead times.

The timing of the shiloh cabinets new catalog addresses growing demand in the Maryland market for premium cabinetry that balances aesthetic appeal with functional durability. The expanded offerings particularly cater to renovation projects in the region's historic properties, where custom color matching and specialized finishing techniques prove essential.
