PRESS RELEASE

NextDAY Cabinets Chantilly Showroom Expands Kitchen Cabinets Selection to Meet Growing Contractor Demand

NextDAY Cabinets Chantilly Showroom

January 08, 2026

NextDAY Cabinets Chantilly Showroom has expanded its product offerings and enhanced its professional design services to better serve the increasing demand from contractors and builders throughout Northern Virginia. The wholesale cabinet distributor, located at 14000 Thunderbolt Pl, Suite K in Chantilly, continues to strengthen its position as a primary resource for construction professionals seeking quality cabinetry with rapid fulfillment.

The expansion comes as residential and commercial construction projects across Fairfax County, Loudoun County, and Prince William County continue to drive demand for reliable cabinet suppliers. The Chantilly location now offers an extensive selection of kitchen cabinets from nine premium manufacturers, including Shiloh Cabinetry, Forevermark Cabinets, Mantra Cabinets, and Waypoint Cabinets, providing contractors with diverse options to meet varying project specifications and budgets.

"The construction industry in Northern Virginia requires partners who can deliver quality products quickly without compromising on craftsmanship," said a representative from NextDAY Cabinets Chantilly Showroom. "Our expanded inventory and streamlined processes allow us to fulfill most orders within three to five days, which helps contractors maintain their project timelines while accessing factory-direct pricing."

The showroom's enhanced capabilities include professional 3D kitchen design services at no additional cost, enabling contractors to present detailed visualizations to their clients before installation begins. This service has become particularly valuable for multi-family project developers and general contractors managing complex residential developments throughout the region.

Beyond kitchen cabinets, the facility maintains a comprehensive inventory of bathroom vanities and related fixtures, supporting complete renovation projects. The showroom features both ready-to-assemble and custom cabinet options, with all products meeting KCMA certification standards for durability and environmental safety. Construction professionals can examine cabinet door samples, explore various styles ranging from traditional to contemporary designs, and consult with experienced design specialists during regular business hours.

The showroom's product range encompasses framed and frameless designs, shaker cabinets, flat-panel options, and inset configurations. All cabinetry features 100 percent solid wood construction, addressing the professional market's demand for durable, long-lasting installations. The facility also stocks complementary products, including flooring solutions from MSI and Shaw Flooring, as well as countertop options spanning various price points.

The Chantilly location serves as part of the NextDAY Cabinets network, which operates six showrooms across the region. This strategic positioning enables contractors working on projects throughout Northern Virginia to access wholesale cabinets through convenient pickup options or arrange for direct on-site delivery. The company's dealer program provides additional benefits for established contractors, including volume discounts and priority order processing.

NextDAY Cabinets established its wholesale distribution model specifically to serve contractors, dealers, and builders who require reliable access to quality cabinetry without retail markups. The Chantilly showroom operates Monday through Friday from 8:00 a.m. to 5:00 p.m., with Saturday hours from 10:00 a.m. to 2:00 p.m., accommodating the schedules of busy construction professionals. The company maintains its commitment to guaranteed lowest prices while ensuring product availability meets the fast-paced demands of the construction industry.
