PRESS RELEASE

United Cabinet Expands Wholesale Cabinets Program with Next-Day Fulfillment for Fuquay-Varina NC Contractors

United Cabinet

April 09, 2026

United Cabinet, a leading supplier of premium kitchen and bath cabinetry, has expanded its wholesale partnership program to better serve contractors, builders, and dealers throughout the NC Triangle area with next-day flat-pack fulfillment and enhanced inventory availability across more than 400 SKUs per cabinet line.

The expansion addresses growing demand from trade professionals seeking reliable cabinet suppliers who can meet tight construction timelines while maintaining quality standards. The company's 40,000-square-foot warehouse facility stocks an extensive selection of both framed and frameless cabinet options, enabling immediate fulfillment of Express series orders and rapid turnaround on Premium, Luxury, and Custom tiers.

"The construction industry in the Triangle area continues to experience significant growth, and contractors need partners who can deliver quality products on schedule," said Kamil Ilter, President of United Cabinet. "By expanding our wholesale program with next-day flat-pack availability and maintaining deep inventory levels, we're helping builders complete projects faster while offering their clients premium American-finished cabinetry."

The company offers Wholesale Cabinets Fuquay-Varina NC through its comprehensive dealer program, which includes exclusive pricing structures, dedicated support, and nationwide shipping capabilities. The program encompasses both Shaker series framed cabinets and Linea series frameless options, available in Express, Premium, Luxury, and Custom tiers.

United Cabinet's manufacturing approach emphasizes durability and craftsmanship, featuring dovetail construction, anti-warp structures, and solid half-inch plywood backs. All cabinets include soft-close hinges and full-extension drawer glides as standard features. The Premium, Luxury, and Custom series are built and finished in America, supporting domestic manufacturing while ensuring consistent quality control.

For homeowners and designers seeking Custom Cabinets Fuquay-Varina NC , the company offers complete color customization with a three-week lead time. The Custom tier allows specification of any color across both Shaker and Linea door styles, providing unlimited design possibilities for residential and commercial projects.

The expanded wholesale program also addresses the needs of contractors working with Framed Cabinets Fuquay-Varina NC , particularly the popular Shaker series. Available in multiple finish options including Westhighland White, Roycroft Pewter, In The Navy, and Tricorn Black, these cabinets combine traditional styling with modern construction techniques.

Beyond standard kitchen cabinetry, United Cabinet supplies a comprehensive range of cabinet types including base cabinets, wall cabinets, tall cabinets, vanity sink bases, vanity drawer bases, bridge wall cabinets, glass door cabinets, panels, fillers, trims, moldings, and accessories. This extensive selection enables contractors to source complete project requirements from a single supplier.

The company's flexible fulfillment options allow every product to be ordered either flat-pack for on-site assembly or pre-assembled for immediate installation. This dual approach accommodates varying project requirements and contractor preferences while maintaining competitive pricing across all product tiers.

United Cabinet operates from its Fuquay-Varina facility, serving the greater Raleigh area including Durham, Cary, Apex, and Holly Springs. The company maintains partnerships with manufacturing facilities encompassing over one million square feet of production capacity, ensuring consistent product availability and quality standards. The wholesale division focuses on supporting trade professionals with dedicated account management, volume pricing, and priority fulfillment services designed to meet the demands of residential construction and renovation projects throughout North Carolina.
